Providers Invited to Participate in Medical Care Advisory Committee

Nevada Medicaid is accepting applications for participation in the Medical Care Advisory Committee (MCAC). The MCAC advises the Medicaid agency about health and medical care services. This is a federally required mechanism for provider feedback on Medicaid coverage. Nevada Medicaid is looking for providers who can meet quarterly and would like to provide input and feedback on proposed changes to the programs. MCAC members are recommended by the Administrator of the Division of Health Care Financing and Policy (Nevada Medicaid) and appointed by the Director of the Nevada Department of Health and Human Services.

Providers who are interested in the opportunity of serving on this important advisory committee are invited to send an email with details about their area of expertise, provider type and contact information to DHCFP@DHCFP.nv.gov with "MCAC" in the subject line.
